Hanover, PA—August 16, 2019— — *Food Logistics*, the only publication exclusively dedicated to covering the movement of product through the global food supply chain, has named Hanover Logistics to its 2019 Top 3PL & Cold Storage Providers list for the eleventh year in a row.

The Top 3PL & Cold Storage Providers list serves as a resource guide of third-party logistics and cold storage providers whose products and services are critical for companies in the global food and beverage supply chain.

“The complexities of the global food supply chain are forging a more collaborative relationship between leading 3PLs, cold storage providers and their customers. Improved customer care, tighter integration between systems, and more value-added services are among the results,” remarks Lara L. Sowinski, editorial director, *Food Logistics* and *Supply & Demand Chain Executive*. “Companies that earned a spot on *Food Logistics*' 2019 Top 3PL & Cold Storage Providers list exemplify how collaboration combined with the latest technologies can create a winning formula for profitability and supporting food/beverage customers' goals.”

“With our recent expansion, it's important that we continue to offer the same great service to our new and existing customers as we grow. Earning Top 3PL makes our team proud that we are doing a great job and being recognized for it” says Kevin Davis, Director of Logistics with Hanover Logistics.
